Licence details

Licence number: 5026 0168 Licence version: 6.4	Valid thru: August31, 2027
Criteria document: 026 Cleaning products 6	Validity: November 07, 2018 - August 31, 2027
Comments:	

Ecolabelled products:

Designation and specification of the product/service by country:

Norway	Iceland
Finland	Sweden
Denmark see appendix	Outside Nordic see appendix

This licence is pan-Nordic and is valid in all Nordic countries.

The ecolabellingorganisation hereby grantsthe above licencee the right touse the NordicEcolabel in accordance with the terms of the licence on or in conjunction with products that conform to the provisions of the relevant ecolabelling criteria or in conjunction with the marketing of products. The use of the ecolabel in other Nordic countries is included by this licence without separate registration. The turnover of the specified products shall once a year, on request, be reported to the ecolabelling organisation by 1 April at the latest. Turnover shall be broken down by Nordic country.

The ecolabelling organisation undertakes to inform licencees if any amendment is made to the criteria document.

The licence will be revoked with immediate effect if the “Regulations for Nordic Ecolabelling of products” or the ecolabelling criteria for the product group are disregarded. If the licencee causes the ecolabelling organisation direct or indirect costs as a result of this or if damage is caused by a product manufactured/sold by the licencee, the licencee shall indemnify the ecolabelling organisation in full.
The ecolabelling licence is valid up to the specified date unless written notice of cancellation is issued by the licencee or the ecolabelling organisation at least three months in advance. The licence is non-transferable unless an application for transfer is submitted.

Certificate of Free Sale in the Food Sector for the product

Spül-Blitz green

Due to its carefully selected ingredients and their composition, **Spül-Blitz green** is ideally suited for use in the food sector.
As a washing-up liquid, **Spül-Blitz green** can be used in kitchens, canteens or in other food processing areas to maintain general workplace hygiene in the building.

Spül-Blitz green fulfils all relevant statutory requirements such as

- the Detergents Regulation (EC) No. 648/2004
- the CLP Regulation (EC) No. 1272/2008
- the Chemicals Act (ChemG) in Germany
- the Washing and Cleaning Agents Act (WRMG)
- the Food, Commodities and Feed Code (LFGB)

The ingredients are exclusively of synthetic, plant or mineral origin and therefore meet the requirements of “Kosher” and “Halal”.

Spül-Blitz green can be integrated into an HACCP concept based on Regulation EC No. 852/2004 and the Food Hygiene Regulations (“Lebensmittelhygieneverordnung") in Germany. This in-house factory control concept is usually implemented in the form of cleaning and disinfection plans or in the form of quality procedures, standard operating procedures and work instructions on site.

The above-named uses are subject to consideration of the information in our product and safety data sheets. The owner/operating company must also ensure that the personnel who use our product receive regular training and instruction.

This document was issued electronically and is therefore valid without signature.

Certificate of Free Sale in the Food Sector for the product

Jet

Due to its carefully selected ingredients and their composition, **Jet** is ideally suited for use in the food sector.
As a scouring milk, **Jet** can be used in kitchens, canteens or in other food processing areas to maintain general workplace hygiene in the building.

Jet fulfils all relevant statutory requirements such as

- the Detergents Regulation (EC) No. 648/2004
- the CLP Regulation (EC) No. 1272/2008
- the Chemicals Act (ChemG) in Germany
  - the Washing and Cleaning Agents Act (WRMG)
- the Food, Commodities and Feed Code (LFGB)

The product does not contain any allergens that require declaration. The ingredients are exclusively of synthetic, plant or mineral origin and therefore meet the requirements of “Kosher” and “Halal”.

Jet can be integrated into an HACCP concept based on Regulation EC No. 852/2004 and the Food Hygiene Regulations (“Lebensmittelhygieneverordnung") in Germany. This in-house factory control concept is usually implemented in the form of cleaning and disinfection plans or in the form of quality procedures, standard operating procedures and work instructions on site.

The above-named uses are subject to consideration of the information in our product and safety data sheets. The owner/operating company must also ensure that the personnel who use our product receive regular training and instruction.

25-06-2025

Certificate of Free Sale in the Food Sector for the product

Grasset

Due to its carefully selected ingredients and their composition, **Grasset** is ideally suited for use in the food sector.
As a grease remover, **Grasset** can be used in kitchens, canteens or in other food processing areas to maintain general workplace hygiene in the building.

Grasset fulfils all relevant statutory requirements such as

- the Detergents Regulation (EC) No. 648/2004
- the CLP Regulation (EC) No. 1272/2008
- the Chemicals Act (ChemG) in Germany
- the Washing and Cleaning Agents Act (WRMG)
- the Food, Commodities and Feed Code (LFGB)

The product is free from fragrances and allergens. The ingredients are exclusively of synthetic, plant or mineral origin and therefore meet the requirements of “Kosher” and “Halal”.

Grasset can be integrated into an HACCP concept based on Regulation EC No. 852/2004 and the Food Hygiene Regulations (“Lebensmittelhygieneverordnung") in Germany. This in-house factory control concept is usually implemented in the form of cleaning and disinfection plans or in the form of quality procedures, standard operating procedures and work instructions on site.

The above-named uses are subject to consideration of the information in our product and safety data sheets. The owner/operating company must also ensure that the personnel who use our product receive regular training and instruction.
